Senior Pastor, Rev. Joshua Kuteesa

Please receive this brief narrative regarding the history and progress of The Prayer Palace Church and the Shiloh School in Mukono, Uganda

Since the year 2007 after visiting an area outside of the capital city of Kampala, Uganda, I was led by God and began to pray for this area, which is called Mukono. It is known throughout the region/country as the capital of witchcraft and human sacrifice. Because children are the most vulnerable in every society, it was troubling when we learned that children in Mukono often went missing and that on many occasions their body parts were found in witch’s houses after the kids had been sacrificed upon satanic alters in quest of power and wealth. After going back and forth to Mukono praying with a small band of Christians in that area for 2 years, God allowed us to organize The Mukono Prayer Palace Church International in the year 2010. From those small beginnings with just a few believers, God has blessed us to grow to a vibrant Christian fellowship of over 800 adult members and their children.

A year after the church started, being overwhelmed by the number of children that came to us every Sunday. Now every Sunday we are compelled and blessed to feed people that can’t afford meals. God showed us that while many of the children that came to Church on Sunday enjoyed the fellowship, teaching and spiritual feeding, they and many others were also physically starving. Through the grace of God, the hard work of our volunteers and support of many partners we can now provide hot meals on Sunday along with the much needed spiritual training and encouragement. That number of children has grown to almost 1,000 children who come for Sunday Children’s church and morning meals. Still, sadly, for some it is the only hot meal that they receive in a week.

This is the backdrop that led us to seek God and move forward with His answer to begin to address these needs through founding the Shiloh Junior School in January 2013. With God’s mandate impressed upon our hearts we moved forward to more formally meet the spiritual, physical and educational needs of the children through the school. In two years since, God has honored His Word, allowing the school to grow to more than 350 children who daily pray, study and grow in faith, knowledge and health at Shiloh Junior School.

While time does not allow me to fully express the greatness of our God in these endeavors, know that we understand that God alone has graced this work through joining us together with Christian men and women who share our passion for souls saved and lives changed and empowered by the anointing of the Holy Spirit and the growing presence of the knowledge of God. Thank you for hearing our story. Please join us in continuing to follow our faithful God.
